

Training Session Information and Registration Form

Family Planning Tasmania
sexuality education & clinical services

The **SoSAFE!** program is a set of visual and conceptual tools designed to promote social safety for people with moderate to severe intellectual disability (MSID) and/or autism spectrum disorder (ASD).

SoSAFE! provides teachers, teacher assistants, disability support staff and other professionals, with simple visual tools and teaching scripts to enhance the social/emotional and physical safety of their students and clients.

The **SoSAFE!** program uses a standardised framework of concepts, symbols, language and visual lesson materials, to teach the type and degree of communicative and physical intimacy appropriate with different (relationship) groups of people in an individual's life.
